

## Bale clamp for rectangular bales

- Compact baleclamp for wrapped rectangular bales
- Also suitable for round bales
- Narrow clamp arm allows passage between close-lying bales
- Heavy duty clamp arms made out of thick-walled tubing
- With raised rear section for second bale
- With controlled non-return valve and pressure relief valve as standard (ex mill at 140 bar)
- Including hydraulic hoses and quick connectors

Type	Number of bales	Clamp reach	Min. machine width	Length clamping arm	Max. capacity	Weight	Price
BKP-UF	1+1	750 - 2050 mm	1150 mm	1100 mm	1500 kg	325 kg	€ 2850,-
